

DANCO D48DUU AIR COMPRESSOR PRESSURE RELIEF VALVE

Model Description:

Shipboard air compressor pressure relief valve in full conformance with Mil-V-22549. Connections are 3/4" inlet and 1 outlet union end silver braze. Bronze construction, top-guided with soft-seat design and a threaded cap. Rated to 400 PSIG.

Features:

- Danco Valves are the industry's premier mil-spec relief valves. The valves are quick acting, non-chattering and smooth guiding. They also feature optimal sealing tightness with a unique soft-seat design.
- Shock approved in accordance with Mil-S-901C. Vibration approved in accordance with Mil-Std-167-1.
- We warranty materials and workmanship against defects for two years after the date of installation. This comprehensive warranty ensures complete manufacturer support.*
- All valves are wire sealed to prevent unauthorized tampering.
- For capacity information specific to your application, please contact us.
